Slides (visual part)

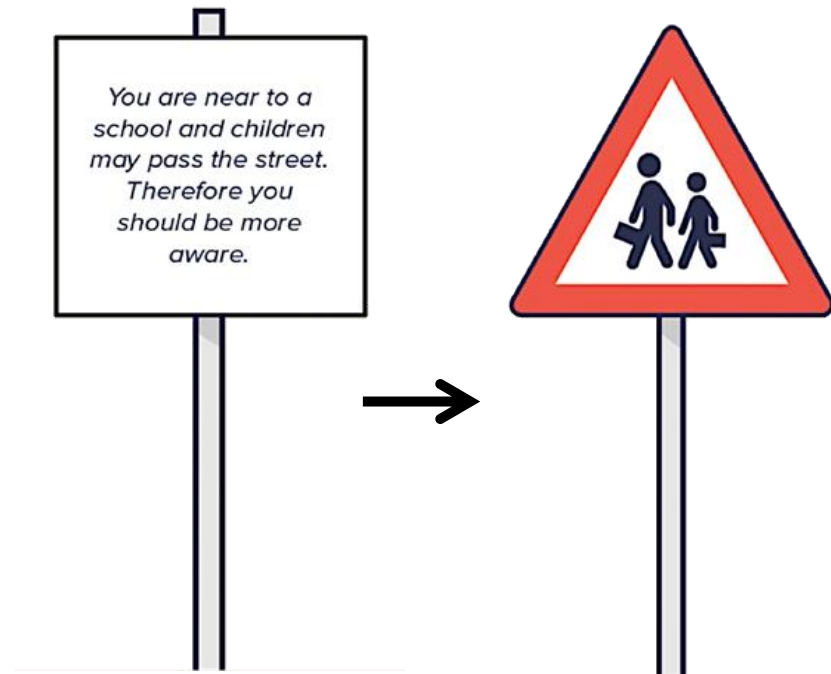

Manuscript

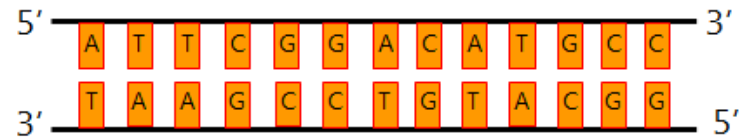

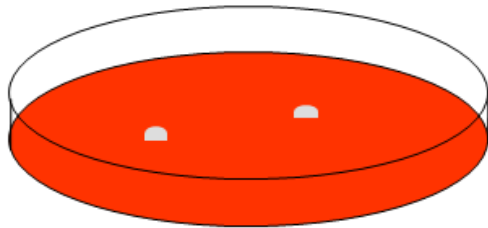

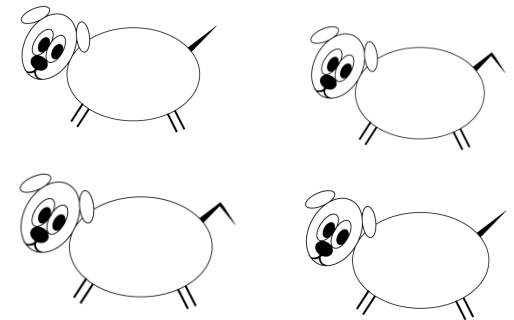

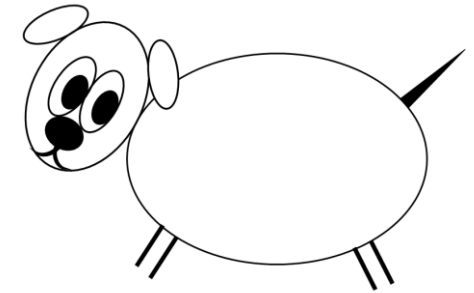

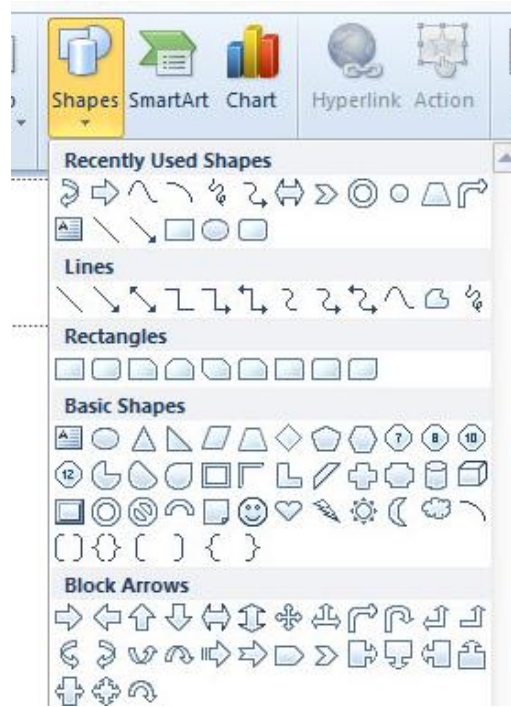

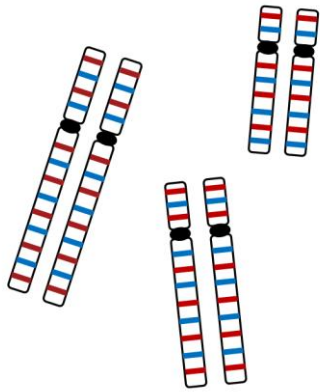

- Write a good manuscript!
- Precise and well structured
- Prepare first or alongside with slides
- Think of helpful illustrations
- Maximum 10-12 minutes/presentation

Slides

- Keep text to a minimum:
 - few bullits
 - replace with illustrations
- Avoid crowding
- Avoid too much info/slide

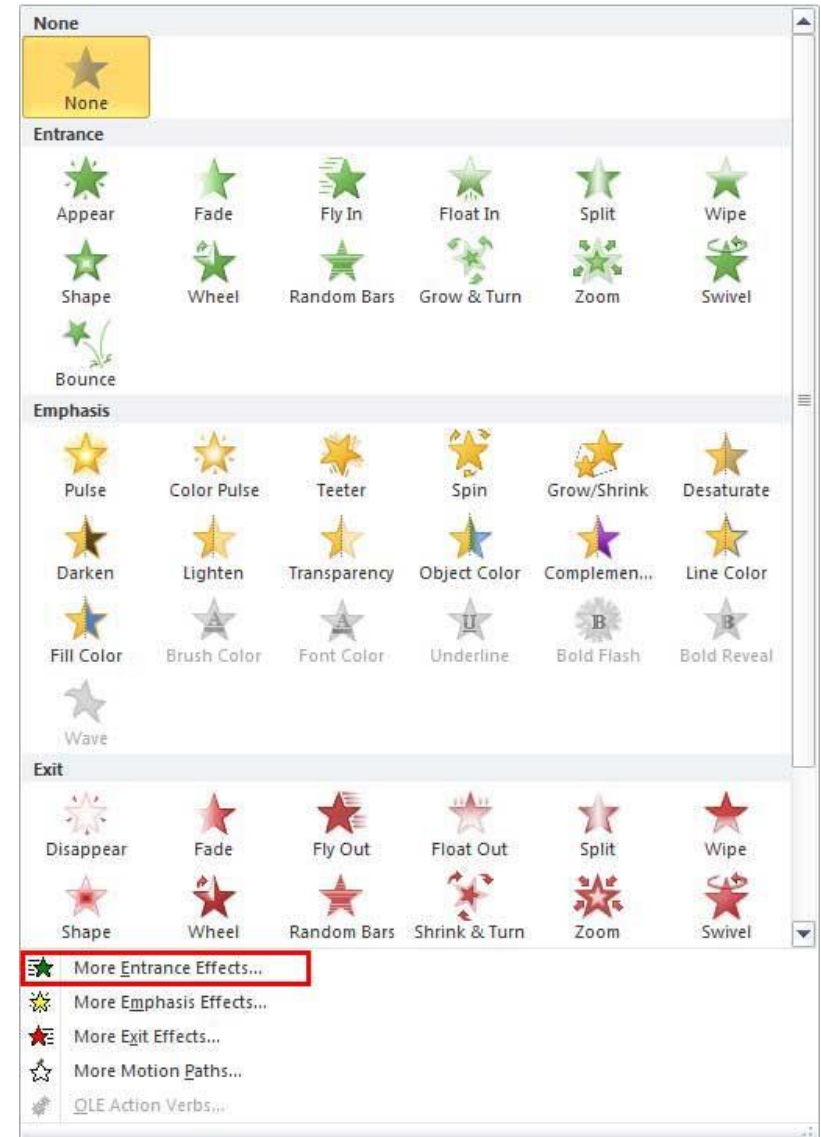

How to build simple figures

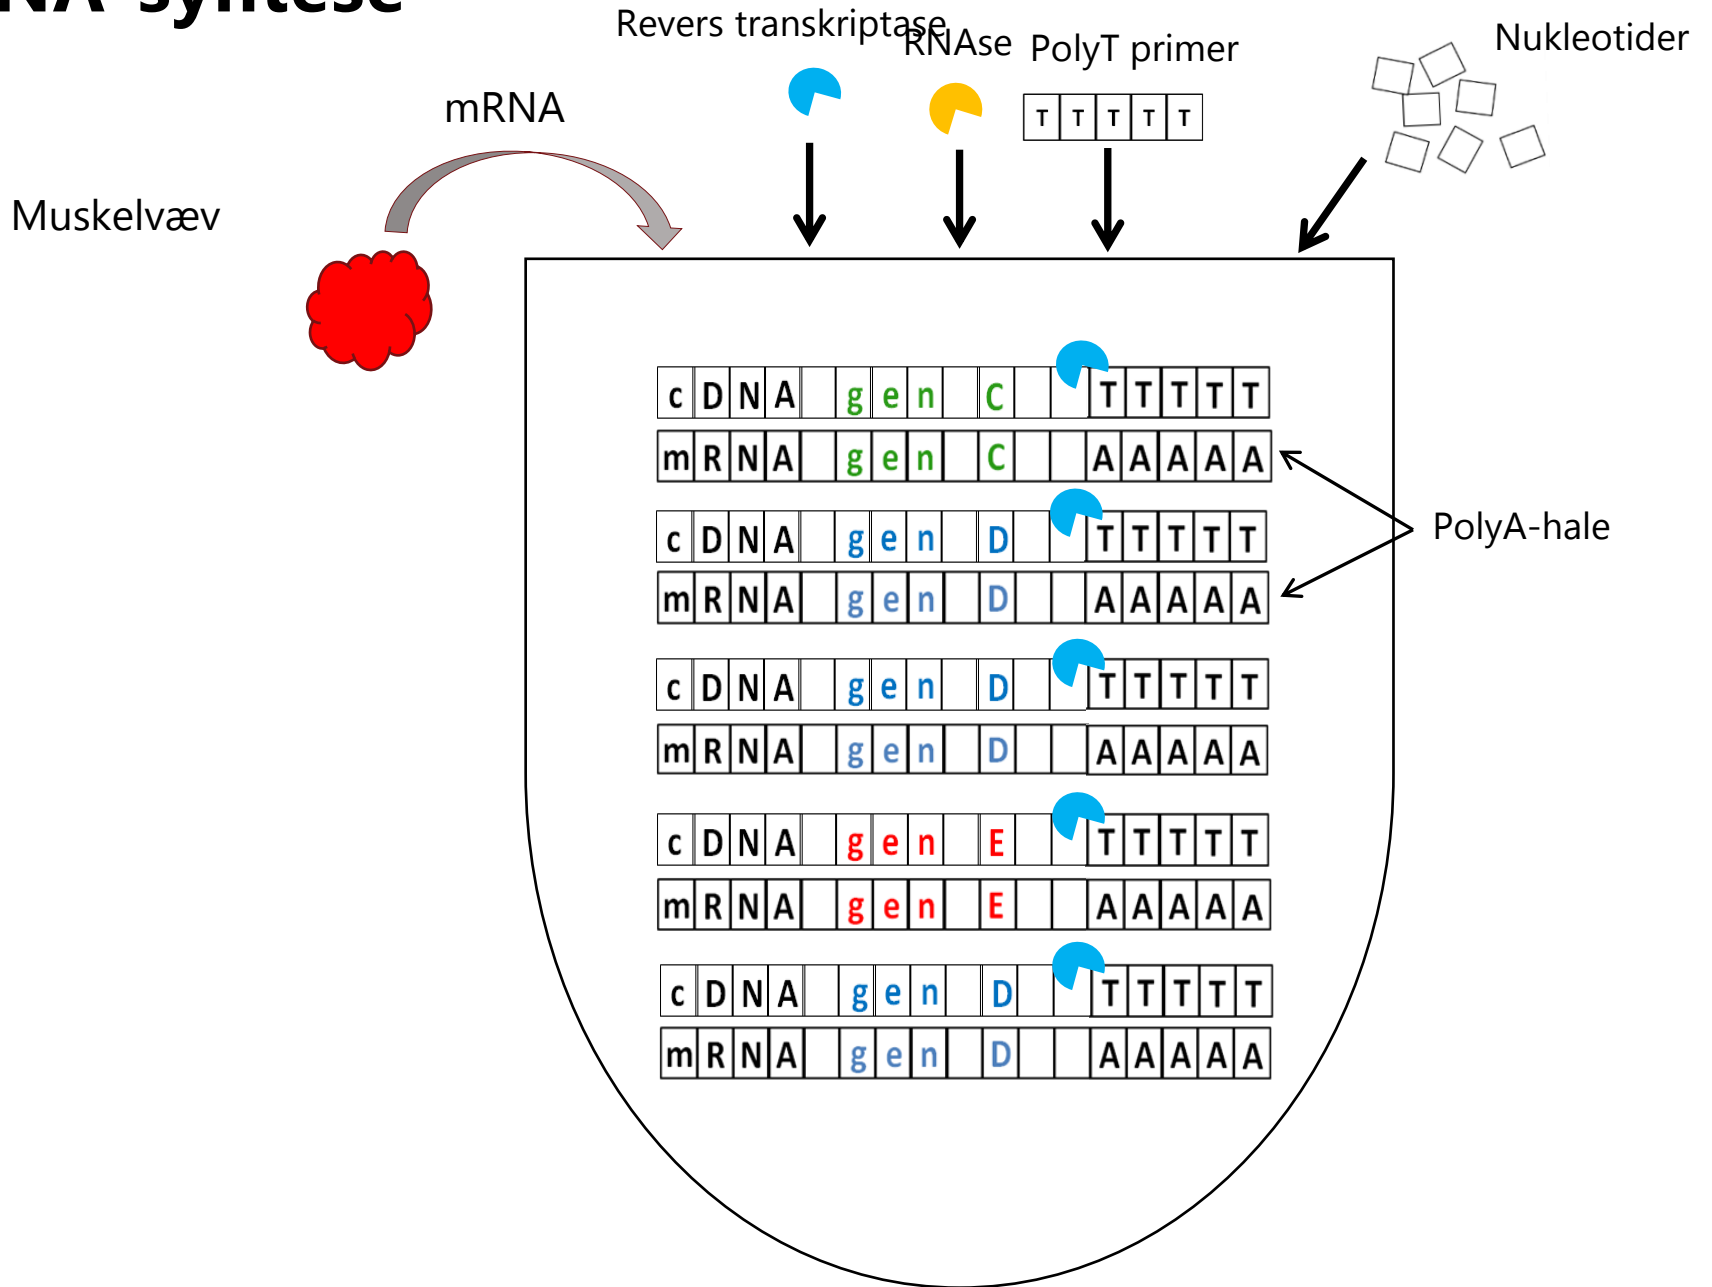

Animations

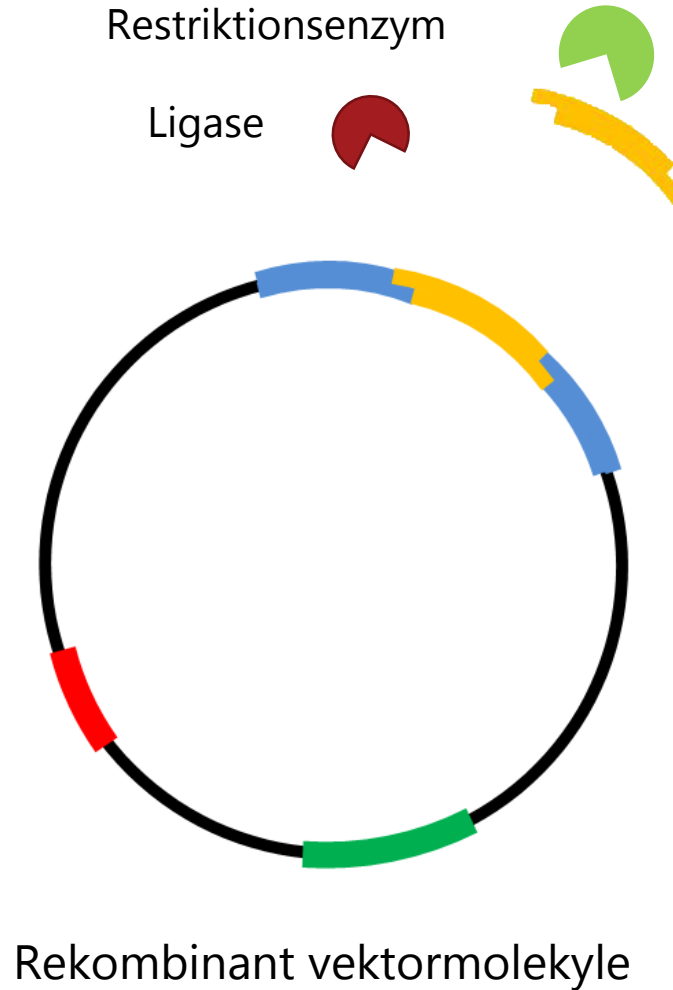

- Stepwise appearance of material
- Disappearance of “used” material
- Motions make stuff come alive

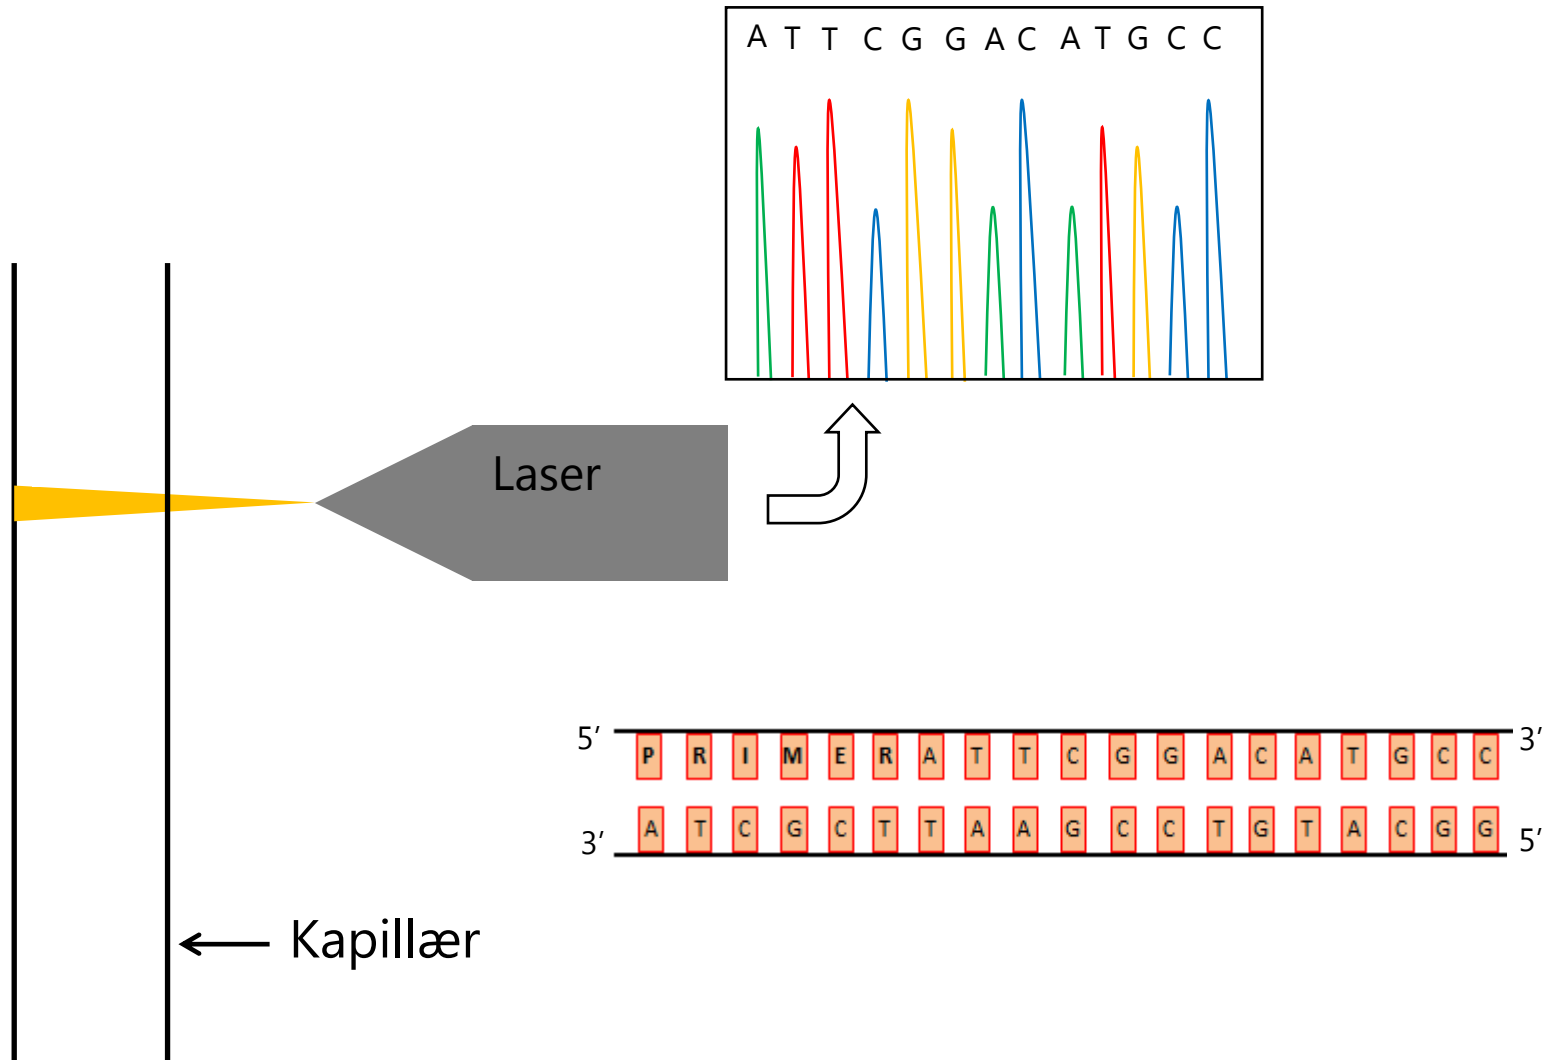

cDNA-syntese

Ligering af DNA i vektor

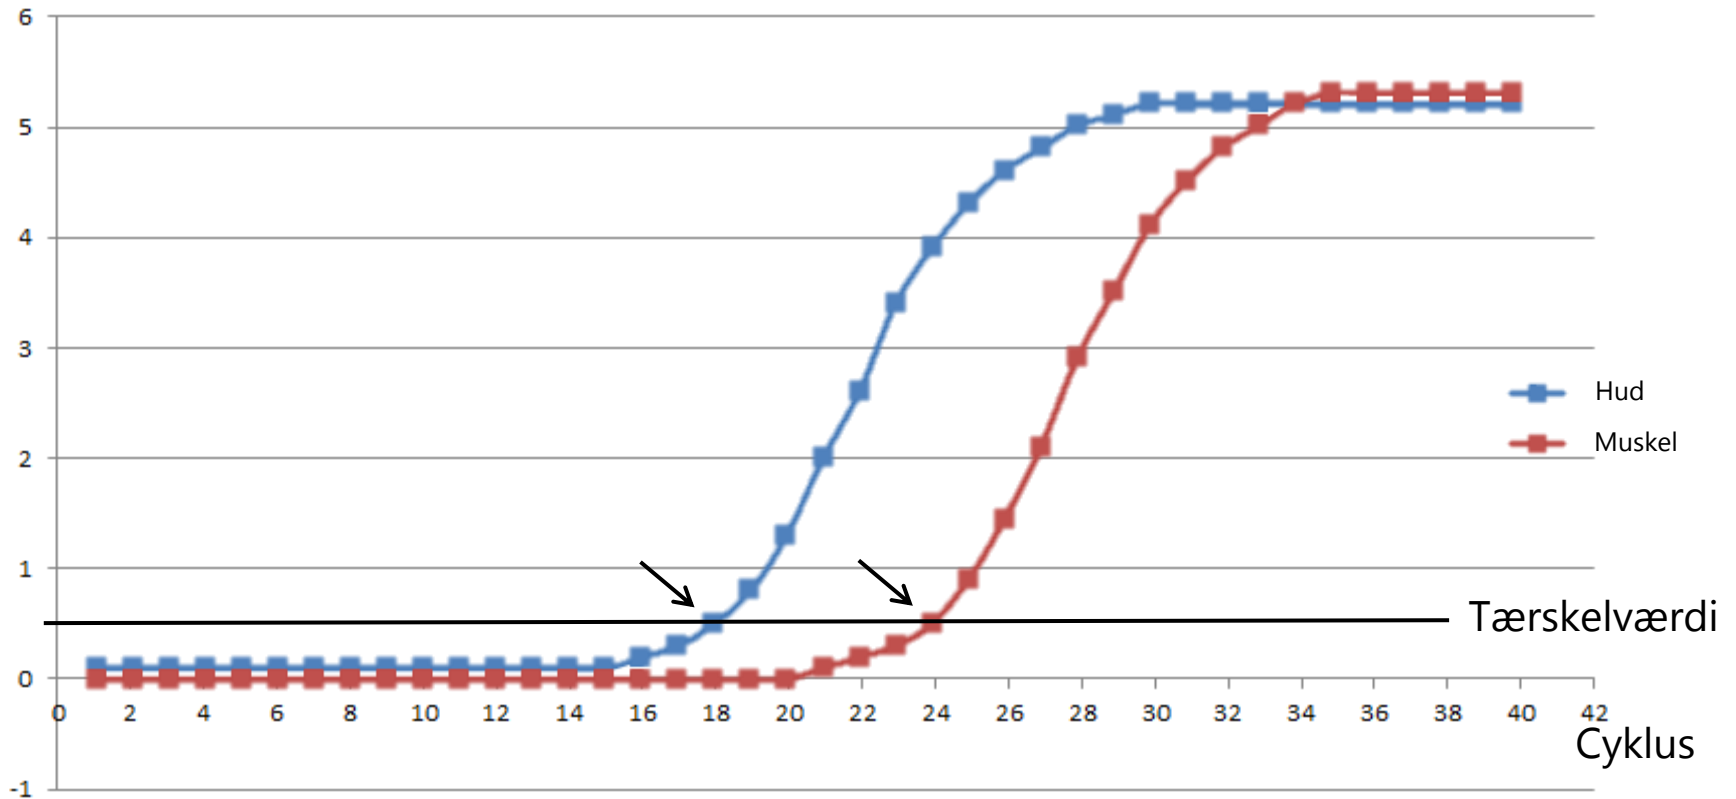

Kapillær elektroforese

qPCR-kurver

Fluorescens

C_t hud: 18

C_t muskel: 24

Genet er $2^6 = 64$ gange højere udtrykt i hud end i muskel

Speak + slides => PPT with speak (video)

- Ispring: PPT -> video
- Use a good microphone!
- Do not talk too fast
- Add quizzes
